

ATREZZO 4 SEASONS PRO.

PIONEERING

4 SEASONS PRO VS PREMIUM COMPETITORS

Performance: **Aquaplaning**
Straight-Line

— Competitor 1 — Competitor 3 — 4Seasons PRO
— Competitor 2 — Competitor 4

EU Tyre label values

Fuel efficiency: **B**
Wet braking: **B**
Noise level: **B**

Dimensions

Tyre width in mm:
205 - 245

Tyre cross section:
40 - 65

Rim size in inches:
17 - 19

Speed symbol:
V/W/Y

ATREZZO 4 SEASONS PRO.

EcoPoint³ Technology

Advanced, sustainable compound technology created through the revolutionary process known as “Liquid phase mixing” and designed to improve all three main categories of tyre performance (safety, wear and energy efficiency) compared to traditional tyres without sacrificing other areas of performance.

ATREZZO 4SEASONS PRO delivering year-round safety and performance in all weather conditions.

- **Pioneering EcoPoint³® Technology** - Superior Wet Grip, Rolling Resistance and Wear Abrasion without compromise.
- All season tyre with outstanding performance **in fuel efficiency**.
- Unique asymmetric tread pattern design to optimize **dry, wet and snow grip** ensuring safe driving in all seasons.
- Stiff outside shoulder pattern maximizes **cornering power and precise handling**.
- Adaptive self-locking 3D sipes provide **long lasting wet and snow grip** without loss of dry performance.
- Increased pitches, serrated sipes and drainage channels deliver outstanding **traction and braking on snow and ice**.

Performance tests at UTAC (Ivalo, Finland) revealed that the Sailun **ATREZZO 4SEASONS PRO** delivers competitive performance in dry, wet and snow conditions on the same quality level as premium competitors and better rolling resistance against direct premium competitors.
